

# THE PUGFATHER WHITEPAPER

WHEN THE GRAND BOSS IS IN  
TOWN....

# ECOSYSTEM

Pugfather Token \$PUGT is a decentralized meme and fun token launched on Binance Smart Chain. 100% community-focused programmed to reward holders and built on transparency and trust.

The protocol employs 3 simple functions: Reflection + LP acquisition + Burn in each trade. **10%** fee is charged on every transaction which is split in 2 ways:

**5%** fee redistributed to all existing holders

**5%** fee add to the liquidity pool and burned.

### **Community Driven**

We are 100% community driven. Locked LP with PinkSale.

### **RFI Static Rewards**

Holders receive daily rewards through static reflection, just by holding \$PUGT in their wallets.

### **Automatic LP**

Every trade contributes towards automatically generating Liquidity locked on PancakeSwap.
